Donita Brown Speaks on the Four Stages of Cognitive Development

<http://corecougars.weebly.com/common-core-standards-are-not-developmentally-appropriate.html>

Four Stages of Cognitive Development

- Sensorimotor Stage: Birth to 2 years old**
The infant knows the world through their movements and sensations.
- Preoperational Stage: 2yrs. to 7yrs.**
Children begin to think symbolically & learn to use words & pictures to represent objects.
They think in very concrete terms.
They are egocentric. They see things from their point of view only.
- Concrete Operational Stage: 7yrs. to 11yrs.**
Children begin to think logically about concrete events.
Thinking becomes more logical & organized.
- Formal Operational Stage: 11yrs. & Up**
Abstract thought emerges.
Ability to think abstractly & reason about hypothetical problems.

..... David Coleman

What is his background credential in education?

What is his background in child development?

David Coleman 2 Years Ago: We Were a Collection of Unqualified People

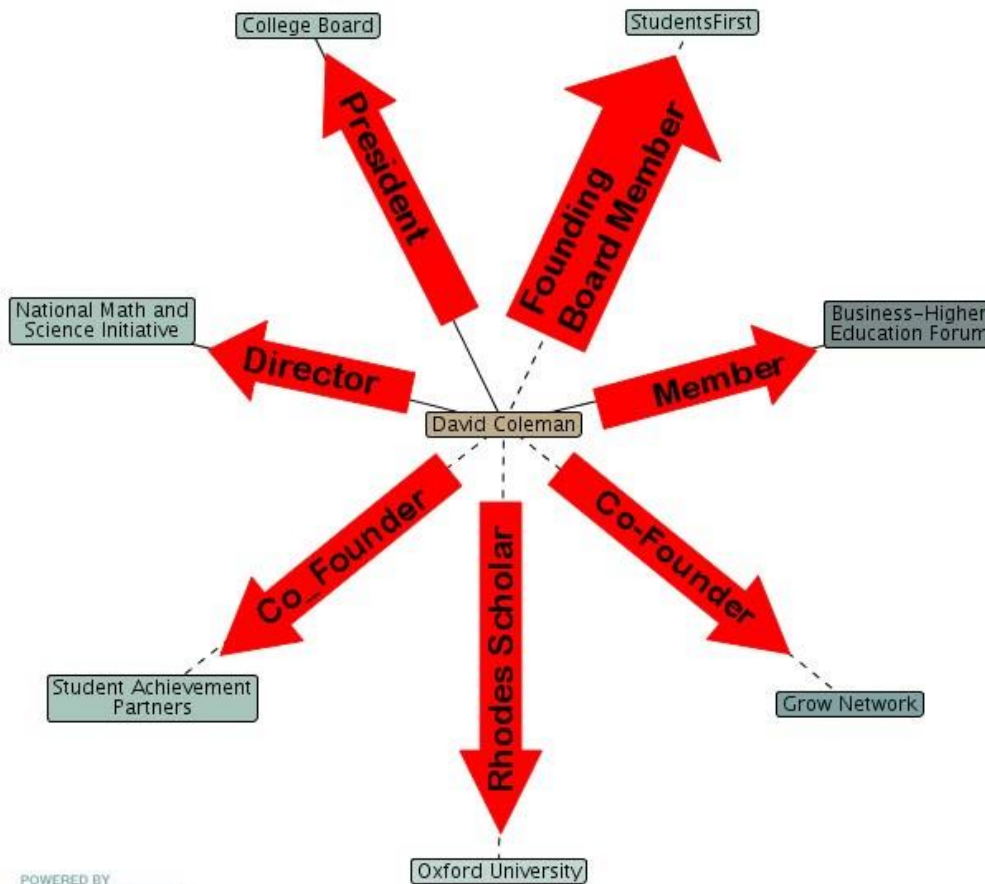

<http://truthinamericaneducation.com/common-core-state-standards/david-coleman-2-years-ago-we-were-a-collection-of-unqualified-people/>

- endorsement of Coleman given by Lauren Resnick (who is the co-director of the Institute of Learning at the University of Pittsburgh) as she introduced him. She said:
- Okay, so this is the kind of person we are going to be privileged to hear tonight. He has been involved in virtually every step of setting the national standards, and he doesn't have a single credential for it. He's never taught in an elementary school – I think. You know, I actually don't know. He's never edited a scholarly journal, but I think he has written scholarly papers. And a variety of other things that have – you know, everybody here has done some of, he hasn't done.

- Then a stunning admission from David Coleman himself discussing his organization Student Achievement Partners whose founders (Coleman, Susan Pimentel and Jason Zimba) were leader writers of the Common Core State Standards.
- One is we're composed of that collection of unqualified people who were involved in developing the common standards. And our only qualification was our attention to and command of the evidence behind them. That is, it was our insistence in the standards process that it was not enough to say you wanted to or thought that kids should know these things, that you had to have evidence to support it, frankly because it was our conviction that the only way to get an eraser into the standards writing room was with evidence behind it, cause otherwise the way standards are written you get all the adults into the room about what kids should know, and the only way to end the meeting is to include everything. That's how we've gotten to the typical state standards we have today....
- First thing to note is this is the chief architect of the Common Core English-Language Arts speaking. That is mind-boggling. The second thing to remember is that the Common Core State Standards represents data-less reform. So what evidence is he talking about?

Michael P. Farris, Esq.

Referring to Exposing the Global Road to Ruin DVD Series by Charlotte Thomson Iserbyt (<http://corecougars.weebly.com/charlotte-thomson-iserbyt.html>), Cindi Weatherly speaks of Michael P. Farris, Esq. with the HSLDA (<https://www.hslda.org/about/staff/attorneys/Farris.asp>) being part of the trojan horse (RE: Homeschooling - Parental Rights and Responsibilities Act) Mrs. Weatherly states in her presentation: If a Home schooler gets a knock on their door in the middle of the night who will be their for them? Is a home schooler to call the HSLDA Legal Defense? Per Mrs. Weatherly they are not there to help the home schooler and they do not go to court for them. They do not participate! Home school legal defense will take ones money, send them lots of literature, give them some good ideas BUT they will not be there by to help the home schooler otherwise. ...YET... They are promoting, "Building the Machine"???? on their youtube account (<http://youtu.be/u168bk2Intl>) Hmmmm.

I thought the U.S. Department of Education had been around for years and part of the over all structure of the U.S. Government...

___ October 19, 1979 United States Department of Education, Founded
(http://en.wikipedia.org/wiki/United_States_Department_of_Education)

___ IMO Because DOE has over stepped it powers of governing and should be ABOLISHED! According to Charlotte Iserbyt this is the only way to abolish Common Core (<http://corecougars.weebly.com/charlotte-thomson-iserbyt.html>)

___ IMO DOE no longer serves WE THE PEOPLE "The Republic"

___ I have many ask me What Will Replace it? My thoughts are people really do look to the establishment like a Mommy Daddy figure. My thoughts are we really that institutionalized we even have to go there?

___ IMO educating children is no big deal and Books like: Why Johnny Can't Read by Rudolph Flesch (http://en.wikipedia.org/wiki/Rudolf_Flesch) (recognized by the government) and Alpha-Phonic by Samuel L. Blumenfeld (<http://howtotutor.com/>) PROVE IT! Per Samuel L. Blumenfeld children are already equip (<http://www.amazon.com/Homeschooling-Parents-Guide-Teaching-Children/dp/0806519118>) and the Harding Family also called "The Brainy Bunch" (homeschooled) prove it (<https://www.facebook.com/CollegeByTwelveHardingFamily>).

___Donita Brown Speaks on the Four Stages of Cognitive Development

(<http://corecougars.weebly.com/common-core-standards-are-not-developmentally-appropriate.html>) - I never even knew this and never found the information when researching whole word which I found out per Dr. Samuel T. Orton Neuropathologist at University of Iowa PROVED (<http://www.donpotter.net/pdf/orton-sight-reading-method.pdf>) removing "The Alphabet Code System - Phonics" from the Educational Curriculum and Implementing the NEW Curriculum of Teaching Whole Word - Site Words creates Dyslexia along with other Health Issues where American Children are Unjustly Diagnose.

___What I did find:

___Book: School and Society by John Dewey (Mr. Dewey Started the New School Curriculum "Sight Reading Method" to Dumb Down Children.) (Mr. John D. Rockefeller, Jr. was a Great Admirer of Mr. Dewey's and Sent ALL 4 of His Boys in the Lincoln Experimental School Called for by Mr. Dewey Where the Results Where ALL 4 Boy Became Dsylexic! http://youtu.be/BD_Yds81n2w)

___1929 Professors Were Warned the New Teaching Methods Would Cause Reading Problems by Dr. Samuel T. Orton Neuropathologist at University of Iowa http://en.wikipedia.org/wiki/Samuel_Orton

___Dr. Samuel Torrey Orton Wrote and Article in the February 1929 Journal of Educational Psychology Titled, "The Site Reading Method of Teaching Reading as a Source of Reading Disability" "Faulty Teaching Methods May Not Only Prevent the Acquisition Academic Education by Children of Average Capacity but May Also Give Rise to Far Reaching Damage to Their Emotional Life". Dr. Orton Warned of the Harmful Effects of This New Learning Method and Students Were Taught It Regardless. <http://www.donpotter.net/pdf/orton-sight-reading-method.pdf>

___The Evolution of Research on Dyslexia <http://ibgwww.colorado.edu/~gayan/ch1.pdf>

___IMO Mrs. Brown PROVES children should not begin school till seven, per Samuel L. Blumenfeld children begin learning alphabet code which will take them right in to reading leaning the linguistics about the English language, Arithmetic taking the concept as the alphabet code only numbers associated with the currency system and memorization of the times tables and learning cursive. I have been working with my child where she just turned 7 and she is a force to be hold how she is amazing me with her studies. I purchased Samuel L. Blumenfeld's curriculum only because I saw how my daughter was reading and showing signs of dyslexia. The school really pushes Fluency Passage where they read over and over the same paragraph till they have it mastered where they read smoothly. I had advised them to stop but they continue. I educated myself what I was doing wrong and this is how I stumbled on to all this information and I am so glad I did. I shared it with my child's school and now I am bullied and falsely accused. I am so glad there are parents they will suppose me and believe me only because of the extensive hours of research.

___I truly desire to help others but their opinion is the government knows best and who am I?

___I live in a community with lots of educators and college degrees and questioned, "who am I"?

___Charlotte Thomson Iserbyt Former Senior Policy Advisor U.S. Department of Education Speaks Regarding Common Core and School Choice a Lethal Concotion.

___Charlotte T. Iserbyt also did an 8 DVD Series called: Exposing the Global Road to Ruin through Education <http://corecougars.weebly.com/charlotte-thomson-iserbyt.html>

___Mrs. Iserbyt gives factual points with proof why she says (only in my words), "WHY "WE THE PEOPLE" have to ABOLISH the U.S. Department of Education and WE have to tell OUR Elected Officials they are NOT going to be re-elected and she goes in to more detail.
